Skill Shot - Top rollover advances silver bonus. Bottom two advance gold bonus. One of the gold rollovers will be lit at plunge but once you make the top silver rollover, the gold with unlight. You want gold.

1-2-3-4 Stand-up Targets - lights EB
1-2-3-4-5-6 Targets - lights Special

Left Side Rollover Lane - advances gold bonus.

1

Spinner - shoot lit spinner to advance silver bonus. Once silver bonus is maxed the spinners will light for 1k/spin!

Silver Bonus - each silver bonus advance is worth 1k. Silver maxes at 10k. Silver bonus can only be collected at saucers, not end of ball. Shoot lit spinner to max silver then shoot the spinner that's lit for 1k/spin (white inserts on either side of center saucer).

Gold Bonus - each gold bonus is worth 10k. Gold maxes at 100k and is collected at the end of your ball. Shooting the left side rollover lane is the best way to advance the gold bonus. Making lit star rollovers marked 'gold' will also advance.

Top Right Saucer - Collects silver bonus

Ride Side Lane - collects EB, scores 5k and advances silver bonus. Ball is then ejected into pops.

Saucer - Collects Silver Bonus. Kicks ball up into pop bumpers. You don't want to collect silver bonus!

2

5 & 6 Targets or L/R Inlanes - Make both for double (gold) bonus. Go for 5 & 6 once you've accumulated gold bonus. Otherwise focus on Spinners.

Drain on outlanes, not center - Outlanes score 10k plus 1 gold adv
